EVENTS

We are glad to share that TSAP in association with Ecell fest (IIT Kharagpur Event) organised a National level competition for architecture students.

National Level Competition For Architecture Students
Association with Ecell Fest (IIT Kharagpur Event)
Organized by Thakur School of Architecture and Planning, Mumbai

4 Days Live Class On
Topic : Interior Project Management
Date : 6th, 7th & 13th, 14th Feb 2021
Fee : 1150/-

Highlight

- Industry Experts as Trainers.
- All Live classes recording Access will be for 1 year
- Study material access will be for lifetime.
- Quiz to assess their knowledge on that subject.
- Live project assignment.
- Internship assistance for all participants.

Major Benefits:

- Student will Get 2 Certificate
(i) Zonal Championship Certification
(ii) Google Partner Certification
- Competition to be conducted at the end on the Last day to select top 4 students.
- Four Selected students would be participating in final Round at IIT Campus.

Speaker :- Ar. Abhineet Mishra

Tsap celebrated these auspicious days with the theme "Gad-Gatha" - Stories of Forts of Maharashtra. Students presented the stories(in marathi)weaving around Shivaji & his ambitious ventures w.r.t building of forts at varied contexts (Sea/Forest/Hilltops).

BLOG RELEASE

Tsap released two Blogs in this month on topics focusing on Architectural sketching.

18 FEB 2021

Principles of Depth in Architectural Sketching

Introduction

While doing Architectural sketches we often come across a question - How to Add depth to a sketch? There are many techniques that can be incorporated for adding intense depth or realism in any sketch. Architectural sketch has a range of various genres, some are just line drawings where others may communicate the figure and ground relation using tones and shadows. This blog is a visual narrative of the few principles for understanding and applying techniques to add depth in the sketches. The principles given here can be applied individually or in totality to create an effective sketch.

I am sure that you will have limited the transformation by careful application of these principles.

STUDENTS' TESTIMONIALS

I'm glad to say that it's been an excellent experience working with all the faculties. All our doubts and enquiries are well explained and also we students are well connected with our teachers. In the first week, we were given a

proper introduction to all the subjects and electives. I thank all the teachers and faculties for their efforts after us. Looking forward to meeting everyone and working together in the college.

Odelle Dias
First Year (B.Arch.)

TSAP has been my only target since I started developing an interest in architecture. And keeping up with my expectations, the Orientation Day at TSAP was just like how it should have been. We were introduced to the college norms and happenings and rewarded with a sketchbook as a welcome gift from the college. Due to the pandemic situation, the lectures are conducted online, but the faculty members are giving in their best and are not keeping any loose ends to learn better.

I'm looking forward to creating beautiful memories here at TSAP.

Aryan Vyas
First Year (B.Arch.)
